

# FALL ASPHALT PAVEMENT CONFERENCE

Wednesday & Thursday, Oct. 24 & 25, 2018  
Doubletree Hotel, 2001 Point West Way, Sacramento, CA

## DAY 1 AGENDA

### 8:00 a.m. **OPTIONAL** Technical Training Class (separate registration required) "Asphalt Pavement 101"

A four-hour class covering the basics of asphalt production, paving, inspection and acceptance, taught by former Caltrans and Asphalt Institute engineer Roger Smith. Refreshments and workbook included.

## DAY 1 GENERAL SESSION – WEDNESDAY, OCTOBER 24

### 11:30 a.m. **Registration Desk Opens / Networking / Trade Show Floor & Equipment Displays Open**

Refreshments and snacks included.

### 1:00 p.m. **Conference Welcome**

*Mike Murray, Area Operations Manager – HMA, Vulcan Materials & 2018 CalAPA Chairman*

### 1:15 p.m. **Featured Speaker: National Perspective on the asphalt pavement industry**

*Amy Miller P.E., National Director, Asphalt Pavement Alliance*  
CalAPA is part of a national alliance that includes the National Asphalt Pavement Association and other state asphalt associations. Hear the latest on the deployment of educational materials and tools designed to help deliver high-quality asphalt pavement projects that are durable and cost-effective.

### 1:45 p.m. **Technical Presentation: Optimizing agency funding to deliver SB1 projects**

*DingXin Cheng, Ph.D., P.E., Director, California Pavement Preservation Center @ CSU Chico*

Local agencies will need to determine an efficient means to utilize SB1 funds. Review a study conducted for Riverside County on how to effectively manage this necessary increase to transportation funding.

### 2:15 p.m. **Technical Presentation: "Green Up"**

*Dragos Andrei, Ph.D., P.E., Director, Pavement Recycling and Reclaiming Center @ Cal Poly Pomona*

Summary of an SB1-funded research project under development at the PRRC. The project will result in a software evaluation tool that provides information on the sustainability of pavement rehabilitation strategies and educates users on the sustainability of differing strategies.

### 2:45 p.m. **BREAK** - Refreshments included. Trade Show booths open.

### 3:30 p.m. **Caltrans Update: METS – Addressing the testing needs of Caltrans**

*Dan Speer, P.E., Deputy Division Chief, METS & State Materials Engineer*

Discover how the Materials Engineering & Testing Services (METS) Division within Caltrans provides the necessary safe, sustainable, and efficient material engineering solutions for the state's infrastructure needs.

### 4:00 p.m. **Technical Presentation: Using rejuvenators in asphalt mixes – a research update**

*Amy Epps Martin, Ph.D., P.E., Research Engineer, Texas A&M Transportation Institute*

Rejuvenators are an important tool to assist contractors in utilizing RAP and RAS in asphalt mixes. Listen to a summary of a comprehensive NCHRP study on the effects of rejuvenators in asphalt mixes with RAP and RAS in high proportions.

### 5:30 p.m. **EVENING DINNER EVENT – "Women of Asphalt" leadership panel**

Dinner is free for all conference attendees, but advance reservations are required at registration. This panel discussion will feature prominent leaders in the Asphalt Industry focusing on challenges and opportunities for women finding success in the asphalt industry. Trade Show Floor Open.

### **Conference Pricing Information**

\$199 – CalAPA Member/Public Agency (\$239 after Oct. 8)

Conference & AP101 or QP class

\$299 – CalAPA Member/Public Agency (\$339 after Oct. 8)

Conference, AP101 & QP class

\$339 – CalAPA Member/Public Agency (\$439 after Oct. 8)

Non members please reference website.

### **Training Only Pricing Information**

\$139 – CalAPA Member/Public Agency One class (\$179 after Oct. 8)

\$239 – CalAPA Member/Public Agency Two classes (\$279 after Oct. 8)

Non members please reference website.
