Your instructor:

PAUL CURREN, P.E.

A noted consultant specializing in asphalt pavement materials. Curren is a former public works agency official, technical expert with loads of practical lab and field experience. His engaging style makes the class lively as well as informative.

The California Asphalt Pavement Association presents:

‘CRITICAL CHANGES TO CALTRANS SECTION 39 ASPHALT SPECIFICATIONS & SUPERPAVE’ **AN INTENSE, HALF-DAY SEMINAR ON WHAT YOU NEED TO KNOW ABOUT THE NEW SPECS**

Significant changes to Caltrans asphalt specifications have been made in the past year, including new testing and acceptance requirements to bring California in line with the national ‘Superpave’ initiative. There are new requirements for contractors and public agencies who reference Caltrans specifications. What you don’t know could cost you!

You asked and we listened. You want a simple and affordable training opportunity on a complex topic – all the recent changes to Caltrans asphalt specifications. With that in mind, CalAPA is pleased to offer a half-day seminar focusing on the major changes to Caltrans Section 39 asphalt specs. The curriculum has been developed by the CalAPA Technical Advisory Committee of pavement experts, and has been reviewed by Caltrans. Fasten your seatbelts! We’ll pack a lot of information into four hours.

BONUS: All attendees will receive a handy reference booklet of key documents that will be discussed in class.

Who should attend? Contractors, suppliers, estimators, engineers, QC managers, plant managers, city & county public works personnel and anyone

COST: \$99 CalAPA members
\$99 Public agency / academia
\$119 Non-members

DATES: Consult the CalAPA website or newsletter for dates and locations, or contact CalAPA to discuss class-hosting opportunities.

Note: Registration must be completed in advance and on-line. Because CalAPA must be protected from losses on events, cancellations must be received at least 72 hours prior to the date of a class to receive a refund.
